Model Code F5389

revision 00 of 27-03-15
(the present replaces any previous versions)

Designer: Daniele Della Porta

Structure: pinewood and multilayer.

Spring system: elastic webbing.

Seat Padding: ecological polyurethane foam covered with 100% polyester padding covered with white linen.

Back Padding: ecological polyurethane foam and fiber (synthetic fiberfill) covered with white linen.

Arm Interior: ecological polyurethane foam covered with 100% polyester padding covered with white linen.

Removability: covers are entirely removable, with the exception of "outfitted holder" versions (M02-M04).

Sewing: the model features a decorative stitch (n°8_1 AGO) with natural color thread, on the front side of the back cushions and upper side of the armrests.

Components: "Outfitted holder" versions (M02-M04) are equipped with a rosewood colored beech-wood layer, provided with a flexible, removable touch technology Led lamp, an aluminum varnished abs beverage holder and a pop-up USB charger for tablets and smartphones (that can be charged at the same time). The beverage holder is not available on version M04. These versions come with a storage compartment, that can be used by lifting the wooden layer.

Standard feet: P633A, in pvc, h. 3 cm, with anti-skid rubber.

Optional versions: (B32) rosewood colored beech-wood layer (5 mm thick), also available in: black, cherry, dark walnut, light walnut, silver and natural. Wood layer version (B32) is recommended on large armrest version (I98). Trapezoid-shaped lumbar (E82) in mollapiuma.

Please note: with the exception of small armrest versions (I96) which are equipped with hook brackets, no assembly systems are fixed on the single units (which are completely finished on the sides) as they are joined just drawing one piece next to the other. The armrest needs to be removed from the set before any moving. The model is completely finished on each side; each single element is covered also on inner sides.
